

NEED BILLION EVERY
3 MONTHS TO HELPAt Least That Amount Re-
quired to Stabilize Exchange,
London Reports.Special Cable Despatch to THE SUN AND NEW
YORK HERALD, Copyright, 1920, by THE SUN
AND NEW YORK HERALD.

LONDON, March 6.—The Indian Gov-
ernment withdrew yesterday from the
gold market, and it is possible that be-
tween now and the due date of the
Anglo-French loan considerable of this
metal will be shipped either to New
York city or to South America. The
rumor here is that most of the
product of the South African mines will
go to America, but whether this will
amount to \$250,000,000 is not known
here. Even if it did, it would not have
more than a slight effect on sterling, be-
cause it would require \$1,000,000,000 in
gold every three months to take up Eu-
rope's unfavorable trade balance in
America.

The exchange rate eased off to-day,
tending to confirm the belief of bank-
ers here that nothing is likely to happen
immediately to cause the restoration
toward par of the pound sterling.
Inquiry among bankers and bullion
brokers in London did not disclose that
there were any preparations for the
shipment of gold to New York city. It
is probable that any such consignment
would be made by the Bank of England.
Bankers believe that New York city
"shorts" sent the pound sterling rate
up, covering on the mistaken theory
that possible gold shipments in the next
few months would have the effect of
restoring sterling.

High Wind Halts Launching.

PHILADELPHIA, March 6.—The launch-
ing of the transport *Marne* at Hog
Island was called off this afternoon be-
cause the high wind was blowing so
much water toward the New Jersey side
of the Delaware River it was not safe to
send the ship off the ways.

Rejection of Italy's Claims Urged.

DENVER, March 6.—Rejection of the
claims of the Italian Government for
\$10,000 arising from loss of life, in the
Ludlow strike in this State in 1914 was
recommended to Gov. Oliver H. Shoup in
a report submitted to-day by the Colo-
rado Legislature's board of inquiry.

AMORTIZABLE FRENCH LOAN

According to instructions received
from the French Government through
the French Ambassador at Washing-
ton the French Consul General will re-
ceive, WITHOUT ANY CHARGES, sub-
scriptions for the new 5% AMORTIZ-
ABLE FRENCH LOAN.

This loan is redeemable in series by
semi-annual drawings in the course of
the next 60 years with a premium of
10% or at 1,500 frs. for every bond
of 1,000 francs capital par value.
Drawings will take place on March
15th and September 15th, 1920. Bonds
not yet drawn at any date may be re-
demmed at 150% of their capital par
value at any time at the option of the
Government.

The interest is payable May 1st and
November 1st. The first coupon will
be paid November 1st, 1920; it will
amount to \$2.50. PRINCIPAL IN-
TEREST AND PREMIUM OF THE LOAN
ARE EXEMPT FROM ALL FRENCH
TAXES, PRESENT AND FUTURE.
The principal attractions of the
above loan are: 1—Drawings, semi-
annually and annually, respectively at
100%. 2—Possibility of full profit or
exchange on: (a) Capital invested, (b)
Redemption premium, (c) yield.

The Consul General of France sug-
gests every one to consider carefully
this issue on account of the above fea-
tures and urges this investment as a
means of improving the rate of ex-
change, which is of the greatest and
most vital importance at this very
moment for the development of the
commerce and industry of both coun-
tries, the high rate of exchange acting
as a barrier against the importation of
American commodities into France.

On the other hand, as a friend of
France, one will hesitate to help
her to rebuild the devastated parts of
the country, as the greatest part of
this loan will be devoted to that pur-
pose. Moreover, this loan will prove
a particularly advantageous invest-
ment: at the present rate of exchange
1,000 francs correspond about to \$75,
and the bond of 1,000 francs, which is
redeemable at 1,500 francs, will corre-
spond at the normal rate of exchange
(\$4.20) approximately \$290, viz., four
times the value of your present sub-
scription.

The amount to be paid is calculated
in dollars at the official rate of ex-
change of the day previous to your
subscription; the payments to be made
either by check on a New York bank
or in U. S. currency.
